For children aged 2 and older (Kids should be clean!)

You have (little) children and would really like to ski? In the middle of the Hochoetz ski resort you will find our kindergarten with supervised care. Kids aged 2 and older feel as right as rain here. Playing, handicraft work, painting and romping around to their heart's content – in the kindergarten there's lots of room for our protégés. And should perhaps their little eyelids begin to droop, their own bedroom with little cots is ready and waiting. Rocking horses, pedal cars and scooters are just waiting to be used! We provide drinks and, if required, also food. We ask for your understanding that we are able to look after only a limited number of children!

# DEAR CHILDREN!

Somewhere along the slope down, ten native species of animals have hidden themselves away. Every time you discover one, you'll see an information board with lots of interesting facts about the forest and mountain animals. Who discovered all of the ten animals? And who remembers most about their characteristics? Ask your friends afterwards in the Ochsengartenbahn cable car, which will comfortably take you back up the mountain again in no time. Look out for the animals painted on the cabins. I bet you recognize them all!

You can find the trail at the end of slope number 9.
